

SYMBIOSIS INSTITUTE OF TECHNOLOGY, NAGPUR

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956)

Re-accredited by NAAC with 'A++' Grade | Awarded Category - I by UGC

Founder: Prof. Dr. S. B. Mujumdar, M. Sc., Ph. D. (Awarded Padma Bhushan and Padma Shri by President of India)

Experiment No.: 01

Title: Demonstrate inline, internal, and external JavaScript; use console methods; create a webpage showing user info and a welcome message.

Software/Tools Required: HTML, VS Code.

Theory: HTML (HyperText Markup Language) is the standard language used to create web pages. It provides the basic structure of a webpage using elements such as headings, paragraphs, images, lists, tables, and buttons. CSS (Cascading Style Sheets) is used to style the webpage. It controls the layout, colors, fonts, spacing, and overall appearance of the webpage. In this program, an "About Me" webpage is created using HTML and CSS. The webpage contains a profile picture, personal information, skills, education details, and a contact button. CSS is used to improve the appearance by adding colors, spacing, borders, and alignment.

Output:

SYMBIOSIS INSTITUTE OF TECHNOLOGY, NAGPUR

Symbiosis International (Deemed University)

(Established under section 3 of the UGC Act, 1956)

Re-accredited by NAAC with 'A++' Grade | Awarded Category - I by UGC

Case Study Program Code:

```
<!DOCTYPE html>
<html>
<head>
  <title>Student Information</title>

  <style>
    body{
      margin:0;
      font-family:Verdana, sans-serif;
      background: #fff8e7;
    }

    .header{
      background: #6a5acd;
      color: white;
      text-align:center;
      padding:20px;
      font-size:28px;
      font-weight:bold;
    }

    .card{
      width:50%;
      margin:40px auto;
      background: white;
      padding:30px;
      border-radius:10px;
      box-shadow:0 0 12px rgba(0,0,0,0.2);
    }

    table{
      width:100%;
      border-collapse:collapse;
```
